

## Do you need a Defibrillator?

We can offer 2 defibrillators:-

1. The Zoll AED Plus fully automatic cost £1250.00 + vat  
This is an excellent machine for the lay person, as it tells you what to do in detail e.g. Not pushing hard enough? It will tell you to push harder. Pushing hard enough. It will say good compressions.

Paediatric pads can be purchased as well.

2. The IPAD NF1200 comes in semi automatic and fully automatic cost £660.00 + vat  
This is a more cost effective machine for smaller organisations.

A carry case and Paediatric Pads can be purchased as well.

We can provide the above machines on pro-forma invoice. Once paid for we can send a trainer to set the machine up for you and give you a 20% discount on the training.

Delivery time is approx. 2-3 weeks from order.
